

UMKC Clean Commute Program Membership Guidelines

1. Because of the dangers inherent to riding a bicycle, it is important to follow all city, state and federal laws and regulation regarding the operation of bicycles. In addition, use of a helmet is required at all times during operation of the bicycles used in this program.
2. The attached waiver is in effect any time a bike is loaned out from the UMKC Clean Commute Program.
3. It is imperative to not use alcohol or other intoxicants while operating a bicycle as it will impair your judgment and motor skills and increase your risk of having an accident.
4. UMKC Clean Commute bicycles must be ridden only by the member who has lawfully checked out the bike.
5. A security deposit in the form of credit card or University account information is required to participate in the UMKC Clean Commute Program. Should a Clean Commute bicycle and included accessories not be returned your credit card will be charged an amount equal to the value of the bicycle.
6. Bicycles must be locked securely when not being ridden. Always lock through the frame and, if possible, through one wheel, as this prevents the bike from falling over and makes it more difficult to steal. Should a Clean Commute bicycle become damaged or stolen it is imperative to contact Bridging The Gap at 816-561-1061.
7. UMKC Clean Commute reserves the right to deduct penalty fines from the member's deposit should the bicycle not be returned in fair condition.
8. Bicycles will be loaned out for one semester at a time. It is the responsibility of the member to return the bike to UMKC Clean Commute within three days after the end of a semester. Members may not receive a UMKC Clean Commute bicycle for any two consecutive semesters.
9. Member will provide their own Consumer Product Safety Commission certified safety helmet and attend required safety trainings.
10. Success of this program depends on member participation. Therefore, members will attend periodic group meetings and track usage of bicycles. In addition Bridging The Gap requests that you volunteer for a total of five hours with UMKC Clean Commute over the course of the semester.

Clean Commute is a program
